-  24/7 Technical Support and Customer Service
-  Save on Travel Related Costs
-  Unlimited Video Conferencing Worldwide 24/7

MegaMeeting.com has been helping businesses find solutions to their online meeting needs since 2003. We have developed a unique set of web-based video conferencing tools for organizations and businesses of all shapes and sizes to meet, share and unite their teams around the world. Our newest product M3, is packed with extremely powerful communication and collaboration tools.

100% Browser-based - Nothing to download in order to join a meeting. An Internet connection and a web browser is all that's required. Get MORE people into your meetings!

Cross Platform and Browser Compatible - MegaMeeting works on all PC/MAC/LINUX machines. MegaMeeting is also compatible with all of the major internet browsers, including Internet Explorer, Firefox, Chrome, Safari and Opera.

Video Conferencing with True VoIP Audio - MegaMeeting comes with integrated VoIP audio, allowing meeting participants to speak with one another simply by using a standard headset/microphone.

Live High Quality Video Feeds - MegaMeeting provides the highest quality and most flexible video streams of any browser-based system.

Multi Language Interface - MegaMeeting offers a Multi Language Interface, allowing guests to choose the language they are most comfortable with.
